DAMON GARFIELD

FRONT END WEB DEVELOPER

Clearfield, Utah | damongarfield@gmail.com | https://dgarfield.github.io/

SUMMARY

Front-end developer and QA tester with 15 years of experience building and testing responsive, accessible web applications. At enterprise scale, produced and QA-tested around 100 localized landing pages, microsites, and emails in about 10 countries/languages, and trained international team members on production platforms. Builds reusable components, reviews code, documents defects, and keeps accurate records; since 2023, also runs the office side of a local service business (scheduling, client records, payments, books).

TECHNICAL SKILLS

Languages & Frameworks: JavaScript (ES6+), React (Hooks, Context API, Next.js), Vue, HTML5 (semantic markup, ARIA accessibility, SEO), CSS3 (Sass, SCSS, CSS-in-JS, Tailwind), PHP, Node, GSAP

Platforms & Data: WordPress, REST APIs / JSON, MySQL, jQuery

Tools & Workflow: Git / GitHub / Bitbucket, Webpack, VS Code (Prettier, ESLint), Adobe Suite (XD, Figma, Illustrator, Photoshop, AEM), GCP, AWS

Testing & QA: BrowserStack, Litmus, Email on Acid; cross-browser and device testing; defect documentation

Office & Records: Microsoft Office, Google Workspace; scheduling, written records, payments, and bookkeeping

Marketing Automation: Eloqua, Marketo

TECHNOLOGY EXPERIENCE

Front End Developer, MRM (Enterprise); Salt Lake City, Utah
Jul 2014 - Dec 2020

- Built and QA-tested localized landing pages, microsites, and emails, around 100 pieces over six years, in about 10 countries/languages, from UI/UX comps using semantic HTML5.
- Performed QA testing across browsers and devices; documented defects and results.
- Trained international team members (about 6 people) to execute localized marketing automation campaigns; mentored developers on best practices.

Senior Front End Developer, Cayce AI (Startup); Lehi, Utah
Jul 2021 - Sept 2022

- Position ended when the company went out of business and all staff were let go.
- Built and updated React components for audio file upload, user management, and transcript search and sort.
- Fixed bugs and improved application speed and performance; reviewed code, collaborated with backend developers on Stripe integration, and set up GCP for the marketing site.

Software Engineer, Boxworks (SMB); Salt Lake City, Utah
Sept 2012 - May 2014

- Implemented new features and interfaces for the Mill Execution System (MES), factory automation software; fixed bugs across the MES platform.
- Modernized legacy code, porting a legacy in-house language to HTML and PHP.

Full Stack Developer, Special Ops Paintball; North Salt Lake, UT
Mar 2011 - Jan 2012

- Migrated the codebase from a legacy platform to PHP and managed products in Magento; built new features and ran batch queries, mass email campaigns, and pricing updates.
- Migrated the database from SQL to MySQL.

BUSINESS AND HANDS-ON EXPERIENCE

Partner / Co-Owner, Magic Touch Handyman LLC; Clearfield, Utah
Jan 2023 - Present

Run a local service business with a 50/50 partner: scheduling, client communication, written records kept for every job, payments, bookkeeping and tax records, and in-home repair work.

Partner, High Country Home Improvement (Startup); Clearfield, Utah
Jan 2023 - Mar 2025

Launched a handyman business; ran social marketing, landing pages, and Thumbtack lead generation; managed client accounts and resolved client questions.

Carpenter / Finish Carpenter (part-time), Rapid Fire Construction; Utah
Jun 2026 - Oct 2026

Finish carpentry on residential projects; maintained tools, materials, and job-site order.

Remodeling Associate (overnight shifts), Walmart; Syracuse, Utah
May 2025 - Jul 2026

Worked overnight remodel shifts resetting store departments, setting digital tags and TV displays, and building new store features and aisles; followed store procedures and safety practices.
